Please store your hors d'oeuvres in the freezer until you are ready to use them. They should be baked directly from frozen, there is no need to defrost them. We like to serve a whole grain Dijon style mustard with cocktail franks, and always provide a small ramekin or lemon half near the serving platter so that guests can discard used toothpicks. A few leaves of radicchio or flower kale with some sprigs of fresh herbs will make your hors d'oeuvre trays even nicer!
